Black or White
Micheal Jackson

I took my baby on a Saturday bang
They print my message in the Saturday sun

Boy is that girl with you Yes were one and the same
Now I
believe in miracles
Told about equality
And it's miracle Has happened tonight

But

think about my baby
It doesn't matter if you're Black or white

true either you're wrong or you're right

But, think about my baby it doesn't

matter if you're black or white
I am tired of this devil
I ain't scared of your brother

I am tired of this stuff
I ain't scared of no sheets

I am tired of this business
I ain't scared of nobody

when the going gets rough
when the going gets mean

Don't tell me you agree with me. When I saw you kicking dirt in my eye you

think about my baby. It doesn't matter if you're black or white.
You

I said if you're thinking of being my brother it don't

matter if you're black or white

It's black, it's white
It's tough for you (Yeah yeah yeah)

It's black it's white
It's tough for you (Yeah yeah yeah)
